

DIGITAL HYMNAL

GULBRANSEN DH-100CP

MASTER INDEX

The *Master Index* allows easy access to all of the thousands of hymns pre-programmed into the **GULBRANSEN DIGITAL HYMNAL**. The *Master Index* contains the specific hymn title and the tune name arranged in alphabetical order together with the hymn master reference number. For example, to play the hymn “Word of God, Across the Ages”, select the *Master Index* code 9000, (as explained on page 9 of the manual) plus the master reference number (found in the *Master Index*) which is 492. Simply press 9 0 0 0 plus ENTER and 4 9 2 plus ENTER then PLAY.

Another convenient way to use the **Hymnal** is to refer to one of the many popular hymn books that have already been indexed internally by **GULBRANSEN**. You will then have words and music to use with the **Hymnal** performance. For example, to play hymns from *The Baptist Hymnal*, select code 9001 (as explained on page 9 of the manual). When selecting a hymn such as “Word of God, Across the Ages” (number 262 in *The Baptist Hymnal*), simply press 9 0 0 1 plus ENTER and 2 6 2 plus ENTER then PLAY. The **Hymnal** always remembers the specific hymn book that you have selected until it is explicitly told to switch to a different one. It even remembers when it is turned off or the battery is removed. Due to copyright and publisher restrictions, some hymns found in your particular hymn book may not be available and therefore inaccessible on the **Hymnal**. However, the thousands of hymns listed in the *Master Index* are not restricted and can be played.

HYMN TITLES versus HYMN TUNE NAMES

Hymn titles such as “Word of God, Across the Ages” are listed in upper and lower case letters. Hymn tune names (names that are used to label the music without reference to any particular lyrical text) are all upper case (example: “AUSTRIAN HYMN” — the tune name for “Word of God, Across the Ages”). When a hymn book is unavailable, the *Master Index* provides two ways to find most hymns. This well known Haydn tune appears alphabetically in the “A”s as “AUSTRIAN HYMN” and also alphabetically in the “W”s as “Word of God, Across the Ages”. Both entries show the hymn master reference number 492.

Example:

492	AUSTRIAN HYMN	and	492	Word of God, Across the Ages
-----	---------------	-----	-----	------------------------------

DUPLICATE HYMN TITLES

Browsing through this *Master Index* you will notice that some hymn titles may be repeated with different reference numbers. This indicates that these tunes were different enough to justify separate **Hymnal** recordings. Occasionally a tune name will be listed more than once. This indicates that they are two distinctly different tunes, or different versions of the same tune. When the tune name is the same as the hymn name for a given index number, we will usually omit the tune name from the *Master Index*.
